

Maine Needs You!

If you've ever had a problem with your health care or health coverage and didn't know how to make it change for the better, this may be your chance.

A new effort is underway to get Mainers from all areas working together for positive changes in health care, with the voice of the public leading the way.

Maine **Voices for Coverage** is a grant-funded, statewide effort to bring the views of every day people to policymakers to ensure all Mainers have access to quality, affordable health care that is there

when they need it. We need you to get involved so that it truly is the voice of Mainers.

Consumers for Affordable Health Care (CAHC), Maine Equal Justice Partners, the American Cancer Society of Maine, Maine AFL-CIO, Maine Council of Churches, Maine Center for Economic Policy, Maine People's Resource Center and the Maine Children's Alliance are leading this next giant leap toward health care for all.
