19- and 20-Year-Olds
Pregnant Women
Childless Adults (“Non-Cats”)**

**Also featuring an overview of
DirigoChoice**

Winter/Spring 2008

A project of
Consumers for Affordable Health Care
in collaboration with Maine Equal Justice Partners

Workshops in:

**AUGUSTA – BRUNSWICK – ROCKLAND- BANGOR
LEWISTON – PORTLAND – FARMINGTON
PRESQUE ISLE – WELLS – MACHIAS
ELLSWORTH – DOVER-FOXCROFT**

About the workshop:

Why attend?

There are thousands of children and adults who are eligible for but not enrolled in MaineCare full-benefit coverage plans. You can make a difference by helping these individuals, who are entitled to a range of benefits under these programs, get the health care coverage they need.

What will you learn?

This workshop will give you the tools to offer information and application assistance to individuals and families applying for MaineCare coverage. Updates will be provided on MaineCare, including: services covered, costs, eligibility guidelines, and the application process.

This workshop will also provide a brief overview of DirigoChoice; Maine's prescription drug plans (the Low Cost Drugs for the Elderly and Disabled [DEL] program and Maine Rx Plus); and other health care coverage programs.

If workshop attendees are interested in how MaineCare differs for seniors and the disabled, or how the Medicare Savings Program (Medicare Buy-In) works together with MaineCare, these topics can also be briefly covered in the training.

Customized workshops are available upon request on a fee-for-service basis. Please call Consumers for Affordable Health Care for more information.

Who should attend?

Staff and volunteers from:

- Medical practices
- Health centers
- School departments
- CAP agencies
- Hospitals
- Community organizations
- Housing agencies
- Faith-based groups
- Home health nursing agencies
- Municipalities
- Businesses
- Any other interested agencies

Topics Include:

- Benefits
 - Types of coverage
 - Eligibility criteria
 - Application process
- for**
- MaineCare
 - DirigoChoice; and
 - Prescription drug coverage programs

Presenters

Lisa Webber has a background in training and facilitation and serves as the Outreach and Education Coordinator at Consumers for Affordable Health Care.

Janine Corbett has a background in social work and serves as the Training and Policy Specialist at Maine Equal Justice Partners.
