

As you know, you now receive child care payments on your EBT card and it is your responsibility to pay your child care provider. You may choose to have your child care payment sent directly to your provider instead of being applied to your EBT card. This is your decision and should be discussed with your provider. In order for DHHS/ASPIRE to do this, **written permission from you is necessary**. If you would like the payment sent directly to your child care provider, please fill out the form below and mail it to your regional DHHS office or give it to your ASPIRE worker.

## Authorization Form

### Stop ASPIRE Child Care Payments to EBT Card

I authorize DHHS/ASPIRE to stop child care payments to my EBT card. I choose to have my child care provider paid directly by the state. I know that this is voluntary on my part and that I can reverse my decision at any time.

Please send child care payments to the provider indicated below.

Thank you.
